Update from MTO related to the RFS for Howe Island Ferry Study,

- The procurement process is now completed and 3GA Marine was the successful bidder. Ministry staff met with 3GA yesterday (Jan 6) to hold its kick-off meeting for the project.
- As per the statement of work, 3GA is required to complete all analysis and submit a final report by June 2025
- The outcome of the study will be recommendation as to whether the Ministry should pursue work to retrofit the Frontenac Howe islander or build a new vessel.
