Dear Vanessa Latimer:

The Wolfe Islander III ferry (WI3) will be undergoing planned maintenance to one of its generators on Wednesday, March 26, 2025, and one of its thrusters on Wednesday, April 2, 2025. To complete this work, ferry service between Kingston and Wolfe Island will not operate from 9 a.m. to 2 p.m. each day. The last trip will leave Wolfe Island at 8:30 a.m. and will return to service from Kingston at 2 p.m.

We recognize the impact this interruption may have on ferry users. In planning this maintenance, the ministry explored available options to minimize service disruption. Completing this work is a necessary step to ensure the ongoing reliability of the WI3.

Maintenance will be carried out at the Kingston primary dock.

The ministry has coordinated with emergency services to ensure emergency response remains available to Wolfe Island during this period.

We thank you for your understanding while we complete this necessary work.

Sincerely,
